Putting Evidence to Work: A school's guide to Implementation

Funded through the OA and delivered by North Yorkshire Coast Research School combining the expertise of EEF and local system leaders

Based on the EEF's guidance and rooted in the latest research, this highly effective professional development programme for Senior Leaders takes you through the EEFs Guidance report, *A School's Guide to Implementation*

Why take part in this programme?

Good implementation lies at the heart of effective school leadership.

This professional development programme gives time and support to understanding and practically applying the evidence around implementation to create sustained change in your school.

The training is 3 full days, supported by individual in-school coaching sessions. The outcome will be an evidence-informed School Development Plan for the Academic Year 2019/2020.

Who should take part?

This programme is targeted at Senior Leaders involved with change and project management of school improvement.

Using the EEF Implementation Guidance Senior Leaders will have the opportunity to explore how to implement the changes they would like to see in their school in the next academic year

Dates:	Venue	Coaching Sessions
Thursday 17 th January 2019	TBC	Arranged to suit individual need
Thursday 21 st March 2019	TBC	
Thursday 27 th June 2019	TBC
